

## COLIPA MISSION STATEMENT

### OUR VISION

The cosmetics, perfumery and personal care industry and its products significantly contribute to individual and social well-being in our everyday lives.

### OUR MISSION

To help maintain and develop a sustainable, competitive and respected industry in Europe

- by demonstrating the inherent value of our industry (as stated in our vision)
- by striving to create the most favourable economic and regulatory environment in which to operate
- and by advocating best practices,

thereby ensuring that consumers benefit from continuously innovative and safe products.

### OUR GOALS

Colipa, as THE recognised voice of the European cosmetics, perfumery and personal care industry, must:

#### *Earn public trust*

by fostering transparent and reliable relationships with public authorities and stakeholders, to best communicate the social and economic relevance of our industry in terms of satisfying consumer needs.

#### *Achieve effective public policy*

by actively contributing to the shaping of workable and fair policy frameworks regulating the industry. To this end, proactive and effective networking and communication are of the essence. Opportunities for achieving alignment on an international scale should be created and optimised.

#### *Enhance member value*

by addressing members' needs in an efficient and transparent way, through timely information and decision making processes and focusing on the issues and activities which are important to them. Best use should be made of members' expertise and dedication to optimise both efficiency and one-voice positions.
